Dec. 2024 / Jan. 2025

Dear Pastor and church family,

Christmas and New Year's eve services. God blessed as the choir presented the cantata "The Child of Bethlehem" with Alex speaking between the songs as the "inn keeper". The children also presented their poems and song on another Sunday in December where we had 8 visitors who heard the Good News message. For our New Year's eve supper, we had a service and then a meal (there were 15 of us) and praise the Lord for the prayer requests and testimonies shared of what God has done in 2024 and the challenges that will come with the new year.

Single's meeting three months in a row. We had 3 of our singles attend a Bible study the 2nd week of November. In December we had 4 of them come to our house for a Christmas special and in January we were able to meet again with 6 of them. It is always a challenge to arrange a time to get together because of their different work schedules. So exciting to see them growing in their walk with the Lord.

Ladies Christmas Bible Study.

Our ladies enjoy studying the Word of God together and when you throw in a craft time and food, it makes it even more fun. One of our ladies, Yerenni, was in charge of the craft, and Joy taught the ladies about the importance of the "gift" and the "giver" at this season of the year. Praise the Lord for a new visitor, Catalina, who has been to a service once before and heard the plan of salvation.

Pray for: Juli, Cris, Catalina, Juana and Oscar that God might bring conviction of sin to their hearts so they will turn to Him for salvation. Also pray with us for God to raise up faithful men in the work.

Knee operation...again!

Upon our return to Spain in November, Joy began physical therapy for her knee once again. After a few weeks, she noticed new pain and swelling and sure enough, another wire in the knee cap had moved. So she is scheduled to have her knee operated on for the 3rd time to remove all the wires from the knee cap next Monday morning. Would appreciate your prayers for the operation as well as for her continued PT and full recovery.

As we enter the new year, we look to Him who called us and who gives us the health and strength to serve Him. He is faithful! We are so thankful for your faithful prayers and support for us and the ministry in Madrid. A special word of thanks to all who have sent us a special Christmas offering.

In Him,

Jack and Joy Loveday
